Letter from Avri and Carmen

2017 and 2018 were two special years for developing Musethica. In 2017 we received the Genesis Prize Foundation, we prepared our first exhibition of Musethica, *Vibraciones*, in collaboration with Etopia Center for Art and Technology in Zaragoza, we started the collaboration with Royal College of Music Stockholm and researchers from Karolinska Institute Sweden. In 2018 we had our first International Assembly of Musethica associations and partner countries. In Berlin we had a collaboration with UNICEF and had a first workshop in Berlin in Collaboration with Royal College London.

We have reached more than 35.000 people through 787 concerts, in cooperation with more than 160 social centres, representing our best numbers ever. 135 students and 36 teachers from 17 different countries have played in seven Musethica weeks, two International Festivals, and five editions of the Mastering Performance Program. We have reprised the beautiful experiences of our collaborations with the Gotland Chamber Music Festival in Sweden, the Upper Galilee Voice of Music Festival in Israel, and the Association des Amis de La Garde in Bourg-en-Bresse in France. Our first collaboration with the *Univeristy of Music and performing Arts Vienna* took place in 2017. In sum during 2017 and 2018 Musethica had activities in seven countries.

Everything we do has a clear objective: to improve the teaching of classical music performance, while sharing our music with people who have difficulty accessing it. We found that evaluating the impact of our activities, both musically and socially, was a complex process if we wanted to do it in an objective manner. The Musethica Impact Evaluation, conducted by external adviser, *INTERHES - Interdisciplinary Institute on Human Ecology and Sustainability* has confirmed that we are heading in the right direction, but has also given us some ideas to improve our impact and develop our project.

As in previous years, the cooperation of our sponsors has been both indispensable and essential. We are thankful for their support and generosity. We are especially grateful for the help of our volunteers and for the hard work of the members of the associations.

Finally, we want to acknowledge the labor and importance of the social centres that have been kind enough to let us cooperate with them. They are our mutual partners in our effort to make our lives more humane and meaningful. We thank them and you.

What is Musethica?

Musethica is a concept and method to educate talented musicians through concert performances as the basic teaching tool while bringing music to a wide range of audiences. Musethica provides selected musicians accompanied by their mentors the opportunity to perform a large number of concerts as a fundamental part of their education. This is extremely valuable as the art of playing concerts cannot be learned in a classroom: it has to be learned in front of an audience.

Led by experienced and carefully chosen mentors, the musicians prepare concert programs of the high quality. Musicians with their teachers perform at least 85 percent of the concerts outside traditional concert halls. The aim is to play for all parts of society, prioritizing people who are excluded or at risk of exclusion. At most 15 percent of the concerts are played in traditional concert halls. Musicians and their mentors perform without remuneration.

Musethica is a non-profit organisation that is active in, Germany, Israel, Spain and Sweden. It also has cooperating partners in Austria, China, France and Poland. The Musethica concept was the idea of violist Avri Levitan. Musethica was officially launched in 2012 in Zaragoza (Spain), under the auspices of Professor Carmen Marcuello.

The artistically and emotionally challenging practical concert training assists the musicians' development and encourages cultural participation in an open society. The music students develop a new understanding of music's meaning and of their role as professional musicians in society. Musethica shares the most excellent music with people who would otherwise not be able to attend concerts.

Objectives

1. Implement our method of teaching music interpretation.
2. Integrate the Musethica model into the higher education system and spread it through collaboration to interested education institutions anywhere in the world.
3. Share music and its creative powers, especially with those who have no easy access to it and above all with those socially excluded or at risk of being excluded.

4. Support the learning process of young musicians, improving their instrumental abilities and mastering the art of performance, playing a large number of concerts in cooperation with experienced and selected mentors for all kind of audiences.
5. Provide musicians and their teachers opportunities to develop a deeper understanding of what being an excellent musician means and the importance of music for the community and society.
6. Create synergies and build strategic partnerships among institutions in the classical music higher education system and social institutions.
7. Offer musicians the opportunity to be part of an international and social network that promotes them as professional musicians.
8. Communicate and disseminate the Musethica educational model in cooperation with educational and research institutions.

Values

- **Cooperation.** Social centers are fundamental to Musethica's approach, as they represent the local fiber for the project. Individuals from the social centers are our source of inspiration and help us attain continual improvement. Their contributions allow us to exchange experiences and innovate collaboratively in the teaching of music as a universal language.
- **Respect.** Concerts are treated with the utmost respect and professionalism, whether in a concert hall or at any other place in the community. The repertoire is the same one would hear at traditional concert halls or music academies, without special adjustments based on the audience.
- **Quality.** Musethica is committed to quality and excellence in implementing its concept and activities, foremost in selection of musical mentors and young musicians and in the process of preparation. This commitment begins with selecting musical mentors and young musicians strictly based on quality of their play, ignoring gender, race, age, sexual orientation, etc.
- **Free.** The young musicians are selected from applicants for their instrumental and musical abilities and are not paid for what is a key part of their musical education. The musical mentors are committed to participating in the program and interact with

students in a professional manner. The musical mentors are paid for their teaching but not for concerts. The social center concerts are always free, for centers and audience.

- **Mutualism.** We seek to generate interactions and synergies among cultural, creative, educational, and social services institutions. We try to build strategic partnerships that strengthen cooperation between classical music, education, and the social sphere. We find a great source of inspiration in finding new ways of free cooperation that benefit all parties involved.
- **Inclusion.** The social centers, their people and their work are our source of inspiration and the reason we seek to continually improve. We cooperate with them with the utmost respect. The role of social centers is fundamental, as they contribute to create our local roots. Their contributions allow us to exchange experiences and innovate collaboratively in the teaching of music as an universal language.
- **Transparency.** We consider transparency a strong value for Musethica. We offer public information of all our activities, results and finances; and we also publicise the external impact evaluation of the activities.
- **Innovation.** We have developed a new teaching methodology in music, addressing the deficiencies of traditional training and improving the quality of the teaching-learning process in musical higher education.
- **Local-international orientation.** A concert can be held only in certain place at a certain moment, where musicians and audiences come together. We encourage the international mobility of young musicians, improving their cultural and social awareness through activities with close local ties at social centers. Every Musethica association brings added value to the project.

Activities in 2017 and 2018

Education Activities

In 2017 and 2018, Musethica developed the following education activities:

Musethica Weeks

Musethica weeks are intensive training and concert weeks. Usually one week in duration, the training includes a small group of young musicians and chamber ensembles that intensively develops its performance skills. The young musicians receive master classes from Musethica mentors and perform between 10 and 15 concerts at social centres and public places during the week. Some concerts include both the young musicians and the musical mentors together. These concerts primarily occur at social centres, and some are open to the general public, performed at traditional concert halls, bars or open spaces. These open concerts have low entrance fees, and we make a point of inviting social centre collaborators. Local Musethica teams organize these concerts in collaboration with partners and social institutions.

During 2017 and 2018, we conducted a total of 33 Musethica weeks, nine in Germany, two in Spain; two in China; eleven in Israel, one in France, one in Austria and six in Sweden .

Musethica International Chamber Music Festivals

The Musethica International Festivals of Chamber Music takes place over the course of a week with about 20 musicians taking part: internationally recognized musicians who serve as musical mentors and excellent young musicians. The festivals offer a wonderful experience combining music and social outreach. The first days of the festivals are dedicated to intensive rehearsals, some of which are open to the public. Then, morning and afternoon concerts are performed at different social centres in the city. During the last three days, three concerts open to the general public are offered in the afternoons. The total number of concerts varies between 20 and 28.

In June 2017 and 2018 , we celebrated the V and VI Musethica International Chamber Music Festival in Spain. Israel held their IV and V Musethica International Chamber Music Festival in July and October, 2017 and in October 2018 they held their VI Musethica International Chamber Music Festival. Germany and France also had a Musethica International Chamber Music Festival in September, 2018 and September, 2017, respectively. And, finally, Sweden celebrated one Festival in July, 2018.

Festival Collaborations

Musethica collaborated with two prestigious festivals known as the Gotland Chamber Music Festival in Sweden (24th – 29th July, 2018) and The Voice of Music in Upper Galilee

Chamber Music Festival in Israel (12th – 16th July). This was our second and third collaboration, respectively. Our model became part of the festivals. Young musicians were chosen to participate, master classes were held during the festivals, and many concerts were offered in social centers in addition to public concerts. Thus, the festivals reached a larger and more diverse audience while supporting excellent young artists. In 2017 and 2018, we also participated in Musethica Journées Musicales de Bourg-en-Bresse (France) in collaboration with L'Association Les Amis de La Garde.

Musethica Mastering Performance Program

In 2017 and 2018, we have continued with the Mastering Performance Program, which started last year. We have collaborated with educational institutions in order to advance the concept of Musethica education and to introduce it to the realm of official musical education. The Musethica Mastering Performance Program is an education program open to excellent young musicians – individuals or chamber ensembles. These students will be offered the opportunity to take part in Musethica for a longer period of time. The program started in 2015–2016 in Israel and Spain.

Since September 2015 Musethica Israel has been cultivating its own String Quartets, whose members are carefully selected by special auditions. They received regular training, master classes and lessons with leading musicians in their field from Israel and abroad. The Quartets perform numerous concerts per year at institutions for people with special needs as well as in concert halls.

In 2017 and 2018 following young musicians were chosen as quartets: Anna Siegreich (Violin), Hallel Tutter (Violin), Yoav Yatskan (Viola), Gali Knaani (Cello). And a further ensemble consisted of Mai Choma (Violin), Enosh Kofler (Viola), William Weil (Cello), Victoria Gelman (Violin). And other young quartets and musicians participated as well. These quartets have played community concerts regularly, and some public concerts in the second semester. Master classes with guest musicians were also held. All the classes and concerts were funded by Musethica Israel.

In Spain the Mastering Performance Program was established. It offers residencies for young chamber music ensembles willing to intensively develop their ensembles. Selected musicians receive a full scholarship covering the study tuition fee and accommodation costs in Centro de Arte y Tecnología, Etopia Zaragoza, for a maximum period of seven months. The faculty for the Mastering Performance Program in Zaragoza includes musicians from the Musethica faculty and International Artistic Committee. After a national and international selection process, four quartets participated in the program: the Wassily Quartet, the Simply Quartet, the Cosmos Quartet and the Element Quartet.

Other Activities

First International Assembly

The Spanish association had its first open assembly in December. It was a moment of sharing experiences and ideas. In March 2018, during the days 9 to 11, the First International Assembly of Musethica was held with the participation of members of the association from Germany, Israel and Sweden and the collaboration of France. In the assembly, the steps to be taken to create an International Musethica association were established to support, push and supervise the work carried out by the five associations currently existing in Germany, Israel, Poland and Sweden and the three collaborating countries, Austria, China and France.

Vibraciones Exhibition

In 2017, the exhibition entitled "Vibrations" was inaugurated and produced jointly by Musethica and Etopia Center for Art & Technology (Zaragoza City Council). It was on display from 23 November 2017 to 26 March 2018. The Center for Art & Technology of Zaragoza (Etopia) is one of our main collaborators since 2013 and is a center with a new generation equipment designed to house and promote the most innovative creative and entrepreneurial projects within the area of Milla Digital, in the field of content, multimedia and 3D, art, video games, design, etc. As a facility, it is not intended to be a closed artistic container in itself, but rather a space open to all citizens, companies and creators interested in developing, exploring and sharing new ideas.

The exhibition design has been made by David Hernández Casas. Also participating: as technical coordinator: Trazacultura; Graphic and multimedia design: Cristina G. Tarazona, Eduardo Estopiñán, Miguel Ángel Varona; Electronic systems: Pablo Aliaga, Luis Gerardo Ramón Hernández, Espacio TOTEM, Laboratorios César, BiFi Universidad de Zaragoza; Audiovisual production: David Hernández Casas, José Carlos Ruiz Cantarero, Jorge Barba, Laboratorio Audiovisual Ayuntamiento de Zaragoza, Séptimo Cielo, Musethica; Photography: Alex Delgado, Fabián Simón, Musethica; Assembly: Trazacultura, Brigadas Municipales de Arquitectura, Oficiales de Mantenimiento de Etopia.

The exhibition Vibrations presents the artistic, educational and social work of Musethica. It is an exhibition to live and experiment. Each visitor has the opportunity to build their own route, their own narrative, their own experience. By telling us and telling what we have done during this five-year period, the sense of our acts and purposes emerges. It is also, a tribute to the people we have met, they are the reason for our social motivations and artistic pursuits. The purpose of the objects displayed in this space is to bring music closer through different technological devices. We want you to perceive a vision of music that includes all the senses. It is a different experience of understanding sound and its effects. Whoever listens is the one who gives the sense.

Concerts

Table 1 shows the total number of Musethica concerts from 2012 until 2018 . In 2017 and 2018, the total number of concerts was 348 and 438 respectively, both years raising the maximum number of concerts in a single year, reaching a total of 1525 since Musethica inception.

Repertoire

Musethica's repertoire forms an important and unique part of the concept. The art of choosing the repertoire strictly follows the protocol one would use when choosing a repertoire for playing at the Philharmonic Hall or any other concert hall for that matter. Musethica is a musical idea, and the musicians perform the repertoire they choose to learn and play. There is absolutely no special repertoire for "special" people. We discovered very quickly that when the music is played at the highest quality, the repertoire does not play a role. We play everything from Schubert or Tchaikovsky to Bach, for people aged 1 year old to 101, with no difference whatsoever. The musicians have to do their part by preparing the highest quality program and not bothering to "please" the audience with a special popular repertoire. Looking back, we noticed that what we were calling "complicated" pieces were the ones best received.

In the following table, we present the repertoire played in 2017 and 2018.

Social Centres

Musethica's goal is to educate young musicians, but this goal is achieved following our own methodology: "Sharing classical music by playing classical music concerts of the highest level in many social institutions for different kinds of audiences, specifically those who are socially excluded or at-risk of exclusion because of personal difficulties (immigrants, people with disabilities, elderly people, etc.)." They are our reason to be and play.

The annex includes the complete list of concerts and the social centres collaborating with Musethica.

Education and Musical Partners

Musethica's goals include the following:

1. Creating synergies and building a strategic partnership between institutions of the classical music higher education system and social institutions for high-quality teaching, training, learning and societal innovation.
2. Spreading the Musethica education model and exploiting its results through collaboration with education institutions all over the world.

In 2017 and 2018, we collaborated with several musical and educational institutions

- Central Conservatory of Music, Beijing, China
- Conservatorio Superior de Música de Aragón, Spain
- Conservatorio Profesional de Música de Zaragoza, Spain
- Forbidden City Concert Hall, Beijing, China
- Jerusalem Music Academy, Israel
- Jerusalem Music center
- The Buchmann-Mehta School of Music, Tel Aviv University
- Zaragoza University, Spain
- Royal college of Music London
- University of music and performing arts Vienna
- ECMA – European Chamber Music Academy
- Zeist Music Days
- KMH – Royal College Stockholm
- Kulturhuset Järna, Sweden

Team

From the beginning, Musethica's development has been based on the help and cooperation of volunteers and members of the associations.

During 2015, we have been working to develop the national and international structures of each association. The people who have been working on the organization level for Musethica during 2015 are as follows:

The **International Artistic Committee (IAC)** is responsible for selecting young musicians that would like to be part of activities of Musethica. The IMC is formed by:

- **Avri Levitan** is the head of the artistic committee
- Professor Ju-Young Baek , Seoul National University, South Korea (violin)
- Cuarteto Quiroga, Spain (string quartet)
- Ralf Gothoni, Germany & Finland (piano, conductor)
- Amihai Grosz, 1st Principal Viola Berliner Philharmoniker, Germany (viola)
- Kuba Jakowicz, Fryderyk Chopin University of Music, Poland, (violin)
- Judith, Jing Zhu, Deputy General Manager, Forbidden City Concert Hall, China
- Professor So-Ock Kim, Royal Academy of Music in London, United Kingdom (violin)
- Professor Li Wei Qin, Shanghai and Central Conservatory of Music Beijing, China (cello)
- Angelika Möser, Director of Arnold Schoenberg Center, Austria

Volunteers

Furthermore, volunteers add a special dimension to Musethica's spirit. Moved by the wish to help and the love of music, while receiving no financial compensation for their efforts, they provide invaluable help with logistics and coordination. Musethica's work would be impossible without their cooperation. It is not possible to name all of them in this report, but we are deeply grateful to them.

Results and impact

For any educational project, results and impact measurement is complex. We must be very careful when selecting indicators for both quantitative and qualitative aspects. Musethica's case is especially challenging because our main task is teaching musical interpretation, an artistic and subjective matter. This aspect makes measurement difficult. Also challenging to measure is the social nature of our activities and our goal of diffusing our model to educational institutions. Our organisation is still in the development phase, which also has to be taken into consideration when evaluating our impact. One of our future tasks is to develop a systematic process for evaluating Musethica's impact and to report the results in publications and presentations.

Some of the comment from musicians an social center we present in this annual report. Furthermore you can consult in the webpage the Social Impact Evaluation Report for different years:

Elvira van Groningen, 27/02/2017

In my life as a musician, I have been to many festivals, played many chamber music concerts and had many lessons with great teachers. There have been wonderful moments and so many things I've learned. But from all these things, it is the Musethica experiences that I value the most. It has given me the opportunity to meet new audiences, many amazing people, who opened their hearts to me, and showed me exactly why it is such a gift to be a musician: to connect to people and to bring something beautiful into their life.

It can be easy to forget this, since it is very normal to get frustrated and stressed by the competition, self-critical thinking and the hours of practice. Of course I know I need to practice and I need good teachers, but then I need a place where I can play for people and where the only thing that counts is the music itself. To have so many opportunities to perform and to improve myself, turned out to be my best teacher and an essential part in my development.

Lia Perlov, 28/10/2018

The Musethica festival was one of the strongest most meaningful weeks in my musical career- mainly spiritually. I understood in this week for the very first time what music really stands for. Music is there to serve something that words can't, it's to heal, it's there to calm and to excite, to lift people's souls, it's there to give hope. Music and classical music especially should not be something that only the elite of the society can reach. Music is a human right- yes, for prisoners as well, for people with mental health problems, with addiction problems, for kids that can't sit quiet and listen, music is for everyone and we musicians have the same responsibility in Berliner Philharmonie hall as we have in a school. Musethica made me realize that it's not about me, it's not about us, it's about them- the audience. There life and their commitment at the moment. We are just there to serve it. It's not about winning this or that, it's not about being able to play this shift or that piece as fast as possible, it's not about winning an award or being accepted somewhere, these are all just tools! But one shouldn't be confused in the path he chooses and forget what it's all really about. It's about them not us! It's about the

music not us! is the place to do so and here is a little summary of what this spiritual week was like.

Quatuor Élément, 30/12/2018

Lors de nos vies artistiques nous avons l'occasion de participer à des manifestations, des concerts, des festivals... Mais l'expérience qui nous a été offerte par Musethica est unique en son genre. Elle reste sûrement l'expérience la plus riche que j'ai pu vivre jusqu'à aujourd'hui. Si je devais donner un mot pour résumer ces 10 jours passés à Saragosse, ce serait « intense ». Tout ce que nous avons vécu était d'une incroyable intensité. Tous les lieux, toutes les personnes que nous avons pu côtoyer nous ont fait vibrer d'une façon incroyable. J'ai pu découvrir une véritable culture de la musique, un véritable respect dans les relations humaines parmi tous les publics auxquels nous nous sommes confrontés. Pour être honnête, cette semaine a été un véritable chamboulement dans ma vie personnelle.

J'ai pu acquérir beaucoup d'expérience grâce à l'enseignement de Mariano Garcia et aux 9 concerts que nous avons pu effectuer en 5 jours. Encore une fois, l'intensité quotidienne des cours nous a permis d'acquérir une efficacité de travail redoutable, de prendre confiance en nous, et de réaliser en fin de semaine de concerts de qualité, sensation que je n'avais encore jamais autant ressentie, avec un sentiment d'accomplissement. Merci pour tous ces concerts et ces lieux fantastiques que nous avons pu visiter.

Un des aspects qui m'a énormément touché est l'accueil qui nous a été réservé, dans chacun des locaux dans lesquels nous nous sommes rendus. Chaque personne semblait touchée par notre venue et le bonheur était partagé. Venir auprès de gens malades qui n'ont pas forcément l'occasion d'assister à des concerts et pouvoir leur offrir, simplement en faisant ce que nous savons faire, de la musique, et leur redonner le sourire quelques instants, c'était très fort. J'ai été très affecté émotionnellement après notre prestation à l'hôpital pour enfants, au point de presque devoir retenir mes larmes. Mais cette sensation n'était pas négative, au contraire, cette sensation nous l'avons tous ressentie et nous avons même pensé qu'à notre retour en France, nous irions, quand l'occasion pourra se présenter, effectuer des actions sociales du même type bénévolement. Ces échanges ont changé la vision que nous avons de notre pratique, de pouvoir être encore plus dans le partage et offrir du bonheur au gens, être plus humains.

Je terminerai en disant qu'en simplement quelques jours, nous avons tissé des liens très forts avec Carmen, Mariano et les élèves du Quatuor CSMA Aina, Jaime, Fatima et Maria-Bel. Je pense que nous serons très vite amenés nous retrouver car après cette expérience, de très forts liens ont été tissés.

Alors simplement merci pour tout,

Organizational development

Musethica was created at the end of 2012 in Spain. Berlin's association emerged in 2013. In 2014, we created the Israel association and collaborated for the first time with China and France. For the second time with Poland, where Musethica was created officially in 2015. 2016 has seen the birth of the Swedish association.

The International Board and the International Artistic Committee are active and play an important role in the development of our project. Without these two teams, it would be impossible to reach so many different countries. Although there is still a lot of work to do, we are very satisfied with how Musethica has had a clear impact on the international level in very short period of time. Moreover, we should keep in mind that this development has always occurred in cooperation with local institutions as partners and more and more, the links between the local Musethica association and the local institutions, especially conservatories, are expected to give way to stable cooperation agreements which will lend extra support to our project, particularly in terms of international and official recognition.

Society

The beneficiaries of the project are users, staff members and families from social centres as well as the general audience attending Musethica public concerts. We consider it relevant to describe the impact of live concerts on the different collectives of social centres. We are convinced that high-quality classical music in the form of live concerts affects the emotions and lives of audience members. Generally speaking, the audiences at the social centres are honest, sincere and exigent. They are not interested in the prestige of musicians or other laurels, only in the performance of the music. This is a real challenge because in these concerts, we face an honest and direct answer to our music, which makes the experience even more exciting, demanding and rewarding, greatly improving both our abilities and consciences as musicians.

Diffusion

We think that in order to develop our project and have a real educational and social impact, it is important to work on general awareness about Musethica. This knowledge also enriches the debate that these presentations provoke, and we learn a lot from all the people who show an interest in our project. Hopefully, this will also help us to obtain better recognition at the institutions and more interest from sponsors.

Financial records

Income and expenses 2017 and 2018

The activities of Musethica are carried out very modestly with the help of collaborators and volunteers. The main expenditures for Musethica's activities include teachers' remunerations for master classes and logistics for Musethica's concerts and diffusion, including transport for musicians and instruments, food and lodging, copies of the scores, and communications and office materials, including our webpage. The concerts in the social centres are free, and the concerts in the traditional halls are free or nearly free. The young musicians do not receive any financial compensation, and they do not pay for the training program. The teachers do not receive remuneration for the concerts, but they are paid for master classes.

The income from active associations in 2017 and 2018 came from private donations, sponsors and public grants. The Musethica Week in China was funded through a collaboration with different institutions. The surplus of each association will be invested in association activities for 2018 and 2019. In the case of Israel, the donations are for two years.

Sponsors and supporters

Our funding policy is based on some clear and simple principles:

- Musethica is open to any person or institution interested in helping our project as a sponsor.
- No donation is accepted with strings attached. Musethica's independence is always preserved.
- We do not accept donations from people or institutions whose values are contrary to non-discrimination for reasons of politics, age, sex, race or religion.
