## III MUSETHICA INTERNATIONAL CHAMBER MUSIC FESTIVAL

Zaragoza, (Spain) 6th- 13th  
June, 2015

**Musethica** is a nonprofit organization active in Germany, Israel, Poland and Spain and is cooperating with partners in China, France and Sweden.

Musethica offers an education program for young, excellent musicians. It is a new model of integrating concert playing in to the education of musicians. It brings classical concerts on the highest level out of the concert halls in to the whole society. It is a worldwide unique education concept which brings huge change in the society.

Musethica offers young, qualified artists the opportunity to perform regularly a large number of concerts as part of their education and sharing the classical music with people who do not typically attend traditional concert halls.

The Musethica concept was conceived in by the violist Avri Levitan. It was officially launched in 2012 in Zaragoza (Spain), under the auspices of Professor Carmen Marcuello.

**El III Musethica International Chamber Music Festival** is a celebration and demonstration of the Musethica concept and structure in one concentrated week. Internationally- known musicians and gifted young musicians join together for a wonderful musical-social experience. After the first days of intensive open rehearsals, we start to perform concerts in 28 social venues during the mornings. The musicians perform in various ensembles in different venues such as schools, hospitals, homes for the elderly, social organizations and many others. There are also 5 open concerts in the evenings.
