

### International Friendship Program

Musethica consider the figure of **Friend** for those individual contributions, offering advantages to whom particularly want to strengthen the relationship with the educational, cultural and social project. We belong to a community of people that not only want you to collaborate, but also make the project yours and get to know the progress.

**All the members from the Friendship Program will receive detailed information about the activities performed by the association. Additionally, Musethica holds concerts in special places and arranged invitation for Friends.**

The Friends from Musethica make an annual donation to contribute in our project:

**Amount:**

15€/year    40€/year    80€/year   \_\_\_\_\_ Other
